REEPRO - Promotion of the Efficient Use of Renewable Energies in Developing Countries

Inauguration of the DGS SolarSchools in Laos

24.11.2009, 10 am to 1 noon
National University of Laos, Vientiane

The DGS coordinates 7 German DGS SolarSchools, which offer training courses on Photovoltaic, Solar Thermal and Biomass Energy. Since 1996 hundreds of engineers, architects, craftsmen and interested citizens have been taking part in the SolarSchool courses in Germany. The successful training concept now will be transferred to third countries. In August 2009 one school was opened in Ethiopia and each one will now be opened in Laos and Cambodia. Both schools will offer training courses on renewable energies based on the comprehensive training material developed in the frame of the REEPRO project. We invite you to come to the inauguration and make yourself familiar with the training facilities and material.

Please register under: <http://www.reepro.info/2542.0.html>

Venue: Vocational Teacher Training Department, Sokpaluang campus, Faculty of Engineering, NUOL (please see enclosed map)

Programm

10.00 – 12.00, Inauguration of the SolarSchool

Dr. Jan Kai Dobelmann, German Society of Solar Energy DGS e.V.
Inauguration of the SolarSchool and presentation of the REEPRO training programme

Dr. Jyrki Luukkanen, Finland Futures Research Centre
Economics of Renewable energy in Cambodia and Laos

Dr. Khamphone Nanthavong, National University of Laos
Renewable energy situation in Laos.
Future activities of the SolarSchool Laos 2010

Discussion

12:00 – 14:00 Joint Lunch

Time to visit the SolarSchool equipment and room to speak with its co-ordinators.
